Agenda

We discussed planting trees at the lake with a brick to dedicate a family name or vets. We are waiting to hear from the counsel about the lake. We agreed that new Christmas pole decorations were a better agenda. We would raise funds by selling advertising to the welcome to Spotswood signs.

Historic sites in town We agreed that historical etchings could be displayed around town. The cost is about \$150.

Railroad stones that were found are to be placed in front of the municipal building. No specific time frame.

Other business

Banners still need to be put back on their poles.
