

BOROUGH OF SPOTSWOOD  
JACKIE PALMER, MAYOR

---

# HYDRANT FLUSHING NOTICE

**BEGINS:** Tuesday, November 1<sup>st</sup>  
**THRU:** Wednesday, November 23<sup>rd</sup>

Spotswood Borough's annual flushing of fire hydrants removes minerals and sediment that build up over time and ensures that all fire hydrants are in good working order.

Please be advised that you may experience a drop in water pressure as well as some discoloration of the water during this process. Generally, this will clear up by running cold water for several minutes.

Although the water is safe to use during this time, residents should refrain from doing laundry when water is discolored and avoid running hot water, as mineral sediments can accumulate in your water heater.

Please contact the Spotswood Borough Department of Public Works at 732-251-0700 ext. 827 with any questions or concerns you may have.
